PRESS RELEASE

Aberystwyth Arts Centre plays host to The Johnny Cash Roadshow on Friday 3 February 2012. The band features award winning Clive John as Johnny Cash, Jill Schoonjans as June Carter, Nick Davis - Electric guitar & Vocals, Alan Parker - Double Bass & Vocals and Jim 'E' Williams Drums & Vocals present their energetic and entertaining celebration of one of America's greatest music performers - this is the finest tribute to Johnny Cash 'The Man in Black'.

The Johnny Cash Roadshow will perform material from throughout Cash's career including 'Walk the Line' and 'Folsom Prison Blues', recorded with Sun Records in the 1950's to 'Hurt', Johnny Cash's last release in 2002, recorded by Rick Rubin for his American Recordings label. There are many stops in between bringing the audience all the favourites, 'Man in Black', 'Boy named Sue', 'The Ring of Fire'. The show also brings a focus on the duets Johnny and June sang, including 'Jackson', 'Darling Companion', 'Help Me Make it Through the Night'. 2011 has seen new songs introduced to the show and a very special feature with Jill Schoonjans on Autoharp performing as June Carter would have.

From start to finish the band take the audience through the Johnny Cash live show experience.
